## Start planning your career path with About Me

Want to know where you could go next?

First, you need to understand who you are. Learn about yourself and jobs you'll suit with the About Me quiz.

Work through the questions, and we'll begin to build a picture of your personality. Can't see the exact right choice? Go with the one that's closest to you.

Your results will reveal your three strongest character traits, and suggest jobs to match the kind of person you are.

Remember, if you have a [My World of Work](#) account, we'll save your results so you've got them to hand.

You can also [share your results](#) with your friends and family. When the quiz is complete, they'll be able to see your results too.

Ready to go? It won't even take five minutes.

Click on the button at the bottom right to start.

## How to guides

When completed, you will be shown your three main personality traits, with a brief description of each:

**Your results**

**1**

**Practical**

You're good at fixing, making and building things. You like working with your hands. Working with tools, machinery, animals or plants might suit you. You're rational, independent and ambitious.

**2**

**Leader**

You're confident and adventurous. Making decisions and persuading others to see things your way is easy for you. Leaders enjoy work which involves public speaking, management or sales.

**3**

**Creative**

You've got a great imagination. You're good at creating new things and expressing yourself. You like doing things your way. You might enjoy design, arts, writing, music, film or performing.
