Lesson insert

Overview

An activity using myworldofwork.co.uk to link the study of Graphic Communication to possible careers.

Objectives

As part of a wider lesson, this lesson insert intends to:
- Encourage research into careers related to the study of Graphic Communication

My World of Work activity (15mins)

- Arrange pupils in groups of two or three
- Go to myworldofwork.co.uk
- Go to my career options
- Ask the groups to choose a job card from the pack
- Ask them to complete the job research sheet

Connect the learning (in the wider lesson)

- Discuss what each job entails and how it links to the activities they are doing in class
- Discuss which skills they are developing in class relate most closely to particular roles they have looked at

Review and reflect (5mins)

- Ask pupils to reflect on the jobs covered and if they may be interested in following one of these careers
- Homework: Ask the class to use this lesson as part of their overall research on careers related to their school subject

Resources

- Computers or tablets with internet access
- Job research sheet

My World of Work links

Job research

**Careers linked to:
Engineering Science**

Choose a job card

Log into the computer and go to myworldofwork.co.uk

Go to my career options to find out about the job on your card and answer the following:

What is the job title?	
What are the main duties of this job?	
What are the skills required?	
What qualifications do you need?	
What have you learned in your school subject that might be useful in this job?	
What key point about this job do you want to share with the rest of the class?
