- ★ Bookmark any job profiles you find interesting. This will be saved to your account page
- ★ Try other combinations of subjects to see if job suggestions change

## Tips to help you

- ★ Remember your networks and who is available to support you with subject choice – this could be your school Careers Adviser, a Teachers, an older sibling or a parent/carer
- ★ It's your decision – It is important to think about your strengths and interests!
- ★ Have you completed your core tools (About Me, Strengths and Skills Explorer)? The results will show if there are matches to these too.
- ★ If you have completed the Strengths tool check out the report which will also highlight relevant subjects which are suited to your strengths
- ★ It is important not to make subject choices based on stereotypes:

## Subject Choices information

When selecting the Subject Choices section of the site you will be taken to a page with useful information to support subject choices.

1. Read through the information on the page and when you are ready select "Use the Subject Choices tool"

**Choosing my subjects**

Thinking about what subjects to take at school? We can help you with the decision.

**Why subject choices are important**

Choosing your subjects is a big decision. It can have an impact on what you do when you leave school and what options are open to you. Ask yourself these three questions to help you make the right choice:

1. What subjects do you enjoy?
2. What subjects are you good at?
3. Where can certain subjects take you?

Try the [Subject Choices tool](#) and see where your subjects could be useful. Explore the jobs that are out there and bookmark the ones you're interested in. We'll save them in your account.

**Get out of the classroom with a Foundation Apprenticeship**

If you're going into S5 or S6, you can choose a Foundation Apprenticeship as part of your subject choices. You'll get to work with an employer and learn at college before you've even left school. You'll also earn a qualification that's the same level as a Higher. Find out more on [Apprenticeships.scot](#).

**Talk to a careers adviser**

We're part of Skills Development Scotland (SDS) – Scotland's national careers service. There's an SDS careers adviser based in your school. Before you make your subject choices, you'll have:

- The chance to have a one-to-one session in S2/S3 – your parents or teacher can come along too
- A group session with an adviser to help you think through the decision you're about to make

**Use the Subject Choices tool**
